33 Hello world! My name is Izzuddin Ahmad Afif. I am a freshman majoring in Internet Engineering Technology at Electronics Engineering Polytechnic Institute of
34 Surabaya. I am very passionate about <big><a href="https://www.ibe.com/topics/cybersecurity">Cyber Security</a></big>. For the time being, I am learning
about HTML and this is my first project using HTML. There is one thing I like about this Web Programming Language. Apparently, HTML tags are non case-sensitive.
So you can use uppercase letter or lowercase at you own will. This suits myself who doesn't really care about writing rules LOL.<br>
